Comments.

1.      The information indicates that elements of the 34th      25X1  
 Artillery Brigade transferred to Altengrabow for three-day firing  
 practices after 1 February. The movement occurred in four phases, 12  
 shipments going to and 11 returning from Altengrabow.

2.      Probably shipments of light anti-aircraft units of the      25X1  
 32nd AAA Division to Jueterbog and Altengrabow and of medium anti-aircraft  
 units of the division to Wustrow.

3. The shipments probably carried units of the XXIX Guards Rifle Corps to  
 firing practices. The troop movements from Erfurt and Dresden to the Berlin  
 area reported in paragraph six      have not been confirmed.

4. Shipment      composed of 15 converted boxcars, four  
 flatcars and 14 RRYM-type flatcars, probably carried the tank company  
 of the unidentified engineer regiment in Bernburg to the engineer and  
 tank training area in Kummersdorf for special exercises.
